

The All Star Provider Portal

Your Most Important Tasks. All in One Place.

The All Star Provider Portal will be your new destination for submitting timesheets and expenses. In addition to making time and expense management easier, the portal includes new features designed to simplify and streamline your locum tenens journey — so you can spend less time on administrative tasks and more time focusing on your patients.

Why You'll Love It

- **Your New Destination to Submit Time and Expense**
Complete and submit timesheets and expenses in just a few clicks, receive email notifications if changes are needed, and quickly see when they're approved. This new process helps improve pay accuracy and supports our ability to offer weekly pay in the future.
- **One Central Hub**
From your provider application and credentialing forms and documents to shift information, timesheets, and expenses, everything stays organized in one secure location.
- **Less Back-and-Forth**
Review information, complete outstanding credentialing tasks, and receive important updates — all while saving time on calls and emails. You can also upload documents directly through the portal to help fast track your credentialing.
- **Stay on Track**
Check the status of your provider application and credentialing requirements, including what's complete and what still needs your attention.
- **Your Schedule at Glance**
Clearly view your upcoming confirmed and tentative shifts — all in one easy-to-access place.
- **Access Anytime**
Log in whenever it's convenient — whether you're at home, on assignment, or on the go.

What You Can Do in the Portal

- Complete your provider application and other required All Star forms
- Upload credentialing documents
- Track credentialing progress
- View upcoming confirmed and tentative shifts
- Submit timesheets and expenses
- Opt in to electronic delivery and access prior-year 1099 forms

Built for Busy Providers.
